

LAW PREVENTS BENEFIT PLAN.

**Scheme to Aid N.E.A. Found
to Be Illegal.**

**Roads Must Not Tax Tickets
of Visitors.**

**Western Officials Urged to
Reconsider.**

CHICAGO, May 4.—(Exclusive Dispatch.) A scheme to raise money for the National Educational Association in Los Angeles is illegal.

Interstate Commerce Commission Clerk's decision that it would be illegal to add \$2 to the rate and collect that amount on every ticket for the association's benefit, has caused consternation among the roads west of here.

Western passenger officials, who meet today, were urged to reconsider their refusal to cooperate with the western roads in an attempt to collect \$200,000 for the association, but long ago they refused to enter any agreement which contemplated the collection for the association, and told the western men the plan was illegal.

The Santa Fe and Harriman lines are making an effort to assist, having been instrumental in getting the association officials to abandon Philadelphia and accept Los Angeles as the meeting city.

ROADS ARE INDICTED.

ROGUE "TREK" INVOLVED.

NEW YORK, May 4.—Indictments charging violation of the Elkins anti-rebating act were handed down by a Federal grand jury today against the Chicago, Rock Island and Pacific Railroad, the Chicago, Milwaukee and St. Paul Railroad and the Western Railroad Company. All the indictments charge, without exception, the large sum of \$200,000, which the roads are charged with having paid to the National Educational Association, which charges thirty separate offenses.

The American Sugar Refining Company was involved in the charge of which grew today's indictment, and it was not confirmed. In fact it was reported that the company had been granted on shipments of commodities other than sugar. United States Attorney Benjamin H. Brown, who is in charge of the indictment, and added that it is not known that the grand jury investigated shipments of grain, oil, cotton, and other commodities, all and other commodities.

It is expected that the case will be called for trial within a few days.

**MRS FALLIS IS
GOING TO FIGHT.**

**DETERMINED TO PAY TRIBUTE TO
HER DEAD FATHER.**

Woodmen of the World Must Overcome Decision of Energy or Permit the Body of Their Founder to Be Honored Where It Now Lies in Family Burying Ground.

SPRINGFIELD (Ill.) May 4.—(Exclusive Dispatch.) The long-standing difference in the public jurisdiction of the Woodmen of the World, over the Falkenberg monument and other matters, are expected to reach a sensational climax within a short time.

Mrs. Jennie Falkenberg-Fallis, a daughter of F. A. Falkenberg, the founder of the order, has returned to Denver from Los Angeles for the purpose of erecting a monument to the memory of her father.

In order to do this, she has organized a corporation, of which she is the head, has secured the necessary right to erect her father's name, and, figure and inscription on his monument, has retained an attorney to assist her in the fight, and reserve her intention of preventing the removal of the body of her father and mother from the family lot at Falkenberg, where they are buried, to a plot controlled by the Pacific Jurisdiction of the order, by injunction proceedings of necessity.

Her first objective is the plot of the jurisdiction, and the eastern and California divisions of the order have expressed a kind of indifference to the purpose of erecting a monument to Falkenberg.

A movement is to be initiated by which the various divisions of the order are to be asked to contribute \$100 each to a fund to erect a monument to Falkenberg. The various divisions of the order are to be asked to contribute \$100 each to a fund to erect a monument to Falkenberg.

NEGROES CAUSE OF CLASH.

**Citizens Are Divided Over Question of
Driving Black Men from County
in Texas.**

PORT WORTH, TEX., May 4.—(Exclusive Dispatch.) Reports from Big Springs indicate a serious clash between citizens over an effort to run all negroes out of Howard county.

When a Deputy Marshal was killed in that town a few days ago while making a negro jail, peremptory notice was given all negroes to leave. Those with property were given fifteen days to dispose of their holdings and depart. Those without property were required to leave before two noon.

The fifteen-day limit is about to expire and a circular has been distributed in Big Springs signed by the leading citizens asking negroes with property to remain and pledging them protection.

The leading citizens commanding them to depart declare they must comply with the order and as a result the county is divided into two factions and grave trouble is expected when the time limit given the negroes expires.

There is a strong probability that Rogers may be sent to the scene to prevent serious trouble between citizens and for the protection of the negroes.

**JAPAN MAKES
PLANS FOR WAR.**

**SEEKS A CLEAR FIELD IN HER
ASIATIC INTERESTS.**

French Political Experts Seek to Probe the Possible "Quadruple Alliance" and the Entire Nation Anticipates Probable War Between Great Britain and Germany.

PARIS, May 4.—(Exclusive Dispatch.) The rapprochement of France and Japan must have for its corollary the rapprochement of England and Russia and both combinations are attempts of British politics, declares the foreign editor of Le Journal this morning.

"This fact makes the present understanding between France, Japan and Russia different from the one which might have been concluded in 1901, and it also makes its meaning and consequences tremendously more significant."

The French, like the German political experts, are seeking the true meaning of the "quadruple alliance." The opinion of a number of prominent French politicians, who refuse, however, to allow their names to be used until after the text of the agreement has been published, seems to be that Japan wants her Asiatic interests arranged against the day when she is ready to fight the United States, while France has everything to gain by Japan's assistance never to enable the French Asiatic possessions, which is unable properly to defend or place on a military basis.

The entire confidence of this nation that a struggle is approaching between Britain and Germany is made stronger by this new incident, which Le Journal calls a further step toward the complete isolation of the German Empire.

**PITTSBURGH HAS
ANOTHER SHOCK.**

**INSURANCE MEN PROMISE TO
MAKE REVELATIONS.**

They Declare Alvin P. Shumaker Was Not Only Inmate and Intemperate When He Was Killed, but That the Claimant Was Never Married to the Deceased.

PITTSBURGH (Pa.) May 4.—(Exclusive Dispatch.) When the suits instituted by Mrs. Ella H. Shumaker against insurance companies, in which she claims Alvin P. Shumaker, a local politician, was killed by a train, are called by the United States Circuit Court before Judge Nathaniel Eaton, on Monday, May 26, a severe shock will be given to Pittsburgh's insurance companies.

One of the companies promises to make revelations which will create a heated sensation. In its affidavit to defend this company alleges that Mrs. Shumaker was not the lawful wife of the deceased. It also alleges that Mr. Shumaker was a man of "extraneous, reckless, dissolute and dissipated habits," and expects to prove these charges.

At least two wealthy men, whose names are known almost as well as Mrs. Shumaker's, have been subpoenaed as witnesses.

Mrs. Shumaker is suing for \$100,000 each, the amount for which her husband was insured. All the companies admit that Shumaker was insured by them, but all deny that he committed suicide.

The Fidelity and Casualty Company gives several other reasons for its failure to pay the policy, as its depositions show, among other things, the statement of depositions in the policy that "the beneficiary is Ella H. Shumaker, wife" was untrue, and that Ella H. Shumaker was not at the time of the issuance of the policy the lawful wife of Alvin P. Shumaker.

The company also declares the statement of Shumaker that "my habits at the time of the policy were not good, and that Shumaker's habits of life, both at the time of the issuance of the policy and up to the time of his death, were intemperate and dissipated." The deposition further alleges that Mr. Shumaker was intemperate.

Mr. Shumaker was killed by a train on the evening of December 11, 1921, when he was 38 years old. He was a local politician and a member of the Pennsylvania State House of Representatives.

His death was reported as a suicide, but the company's depositions show that he was not a suicide.

His death was reported as a suicide, but the company's depositions show that he was not a suicide.

BRYAN FEVER TAKES TURN.

**Perennial Candidate Loses
Former Sway.**

**Government Ownership Ideas
Diagnose South.**

**Delaware Man Looms Up as
New Leader.**

WASHINGTON, May 4.—(Exclusive Dispatch.) Against William J. Bryan's aspiration for another Presidential nomination, a tide of sentiment is setting in, in the ranks of the Democratic party. This has been caused by his strong Federalistic tendencies.

Government ownership of railroads, even "ultimately," as advocated in his Madison Square Garden speech last year, alienated many influential Democrats of the South who had prepared to join in his last August homecoming celebration.

The initiative and referendum issue has disappointed not a few Democratic Senators, who desire to have to the Democratic doctrine. Bryan's most recent utterances in favor of regulations of "trusts" by the Federal government, as expressed in his magazine debate with Senator Beveridge, have too strong a flavor of centralization to suit many Democrats.

The changing of sentiment, or rather the reversion to old-fashioned Democratic principles, has been adverse to Bryan, seems to favor Judge George Gray of Delaware, who has been one of the most active Democratic candidates for the nomination.

The question remains whether Judge Gray can work up the enthusiasm which any Democratic candidate should have to lead a campaign against the strongly entrenched opposition.

Mr. Gray, who is now in the East, has been active in the anti-Bryan movement and has been one of the most active Democratic candidates for the nomination.

WASTE LEADS TO TIMBER FAMINE.

GOVERNMENT REPORTS PRESENT
ALARMING FACTS.

Country Consumes in Year at Least
Three Times as Much Wood as
Forests Grow in Same Period—Pa-
cific States Will Soon Take Lead
in Lumber Cutting.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
NEW YORK, May 6.—Every person
in the United States is using over six
times as much wood as he would use
if he were in Europe. The country, as
a whole, consumes every year between
three and four times more wood than
all of the forests of the United States
grow in that time. The average acre
of forest land yields a store of only ten
cubic feet annually, whereas it ought
to be laying up at least thirty cubic
feet in order to furnish the products
taken out of it. Since 1880 more than
700,000,000,000 feet of timber have been
cut for lumber alone, including 80,000,
000,000 feet for confederate timber in
excess of the total confederate stumpage
estimate of the census in 1880.

These are some of the remarkable
statements made in the report of the
Forest Service, which deals with the
timber supply of the United States,
and reviews the stumpage estimates
made by all the important authorities.
A study of the report must lead di-
rectly to the conclusion that the rate
at which forest products in the United
States have been and are being con-
sumed is far too lavish, and that only
one result can follow unless steps are
promptly taken to prevent waste, and
to increase the growth rate of every
acre of forest in the United States.
This result is a timber famine. This
country is today in the same position
with regard to forest resources as was
Germany 150 years ago. During this
period of 150 years, such German
states as Saxony and Prussia, particu-
larly the latter, have applied a policy
of government control and regulation
which has immensely increased the
productivity of their forests. The same
policy will achieve even better results
in the United States, because we have
the advantage of all the lessons which
Europe has learned and paid for in
the course of more than a century of
theory and practice.

Let it be assumed that the
rapid and gaining depletion of Amer-
ican forest resources is sufficiently ac-
counted for by the increase of popu-
lation, it is pointed out that the in-
crease in population since 1880 is bare-
ly more than half the increase in lum-
ber cut in the same period. Two areas
supplying timber have already reached
and passed their maximum production
—the Northeastern States in 1850 and
the Lake States in 1880. Today the
Southern States, which cut yellow pine
amounting to one-third the total an-
nual lumber cut of the country, are
undoubtedly near their maximum. The
Pacific States will soon take the as-
cendency. The State of Washington,
within a few years, has come to the
front, and now ranks first of all indi-
vidual States in volume of cut.

FOR THE
FIESTA WEEK—20 CENTS.
WEDNESDAY, MAY 19, 1932.
Fiesta Week—20 Cents.
Copper and silver coins, or sent postpaid to any
address in the United States during the week
of the Fiesta—Shriners celebration, May 19
to June 1, for 20 cents. Besides all the
world, each issue will contain, full
descriptions of the previous day's

VENTURA IS UPSET.

Threats of Strikes and Lawsuits Fol-
low Trustees' Meeting—Stallion
Bites Man.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
VENTURA, May 7.—The town is up-
set today over the proceedings of the
City Board of Trustees last night, and
there are threats of strikes and law-
suits and resignations in the air. The
new board promises to be a record-
breaker in the way of furnishing talk.
It seems to be Marshall Russell on one
side and the board on the other. In
the first place, a quarrel has developed
between the Marshal and Nightwatch
Elwell. The Marshal last night said
he wanted the board to name a new
watchman, as Elwell was not fit for
and did not attend to his duties.

Then a resolution was introduced
asking forth the duties of the
watchman, and the Marshal had
inserted in the paper an order that the
watchman be compelled to ride a
wheel. As the watchman weighs over
200 pounds and is not much of an ath-
lete, the matter caused considerable
merriment.

Then the board held up some of Mar-
shall Russell's bills for grading on
Henlock street. The amount involved
was about \$300. This has set six or
seven laborers clamoring for the money
due them, and they threaten to sue
the town. Russell says this was caused
by City Attorney Rogers, who, he says,
is angry with him because he did not
bring out a better vote for Rogers at
the late election.

On top of all the other trouble, the
men who served as officers at the late
election were only allowed to catch for
their labors. They have declared a
strike, and will not accept the pay of-
fered. They say that they worked all
day and all night, and are entitled to
\$10 each, or at least to \$8.

The Marshal says that a note is on
foot to remove some of the men he has
driving sprinkling carts and to put on
others, but that the others are enemies
of his, and he could not work with
them. If the board insisted on taking
the sprinkling carts out of his hands,
however, he would have to submit.

STALLION BITES HIM.
William Spears was severely bitten
by a stallion at the race track here
yesterday. He was leading the animal
to water, when it caught him by the
shoulders with its teeth. The horse
shook Spears savagely and then
threw him to the ground, at the same
time aiming a kick at him. Fortunately
the heels of the horse missed the
mark. At first Spears paid little at-
tention to the wound in his shoulder,
but grave symptoms are now develop-
ing.

Auction.

Of the entire furnishings of the
Alden Hotel
HILL STREET

containing 60 rooms, removed to 525 S. Olive st.

THE OIL INDUSTRY. LITTLE SESPE CANYON BOOMS

CONSOLIDATED WELL GOOD
FOR TWO HUNDRED.

Business Organize to Seek For-
in Santa District — Report
Progress in Arroyo Grande and
Fields—Exports of Oil from
the Ports.

well brought in by the Elk Co.
Oil Company near Princeton,
County has drawn the at-
tention of oil men to the long-neglect-
ed Little Sespe Canyon. The
well is at the shallow depth of
100 feet, and the oil is of a
light color. It is reported that no word of its ex-
istence was published until a few days
ago, when it was withdrawn
up and had to be withdrawn
in the vicinity of the well.
By the time the tools
were in the hole, the oil had risen
to the surface, the oil had risen
to the surface, the oil had risen
to the surface.

Los Angeles office in the
building, the company be-
lieves that the well is a
bargain on the way for a new
company. Another company is reported
to be working on the well in the
vicinity of the well. The well is
a very fine refining oil,

Whole Families Made Wealthy by Central Business Property Investments

By the Unit Ownership Method
of The Trustee Co. You Can
Invest in Los Angeles
Business Property

Increase Value and Rent
Equals Double Earning

No Stocks For Sale—No Syndicates Formed—Not a Scheme to Sell Real Estate

WHO CAN estimate the great future of the Pacific Coast? Who can foretell the commercial growth of Los Angeles in the next fifteen or twenty years?

Predictions made five years ago by those most optimistic of the city's future have been outdone. At that time it was said Los Angeles would probably have two hundred thousand population by 1910. The fact that she has gone ahead by leaps and bounds until in 1907 THERE IS TWO HUNDRED AND FIFTY THOUSAND POPULATION shows how human activity and American business energy combined and in harmony with the apparently boundless natural resources of Southern California, Nevada and Arizona can outstrip the most vivid imagination and make impotent the shrewdest business judgment.

The story of Los Angeles is not unlike that of other American cities, excepting that ITS GROWTH HAS BEEN MORE RAPID, WEALTH CREATED FASTER, AND ITS FAME SPREAD WITH SUCH TREMENDOUS SPEED that it is now generally admitted to have the brightest future of any city on the American continent.

Is it any wonder, then, that great fortunes have been made in Los Angeles business property?

VALUES WILL NOT GO BACKWARD

Is it not reasonable to predict that values will continue to increase and that incomes from centrally located business property will be greater in the next fifteen or twenty years than they are now?

The man who bought property on South Broadway twenty years ago took long chances on the future. He did not know for a certainty whether the center of business activity for the great Southwestern empire was to be eventually at Los Angeles, Santa Monica, San Diego, San Pedro, or somewhere else. TODAY THERE IS NO UNCERTAINTY.

Figures prove that the SAFEST, BEST PAYING AND MOST PROMISING FORM OF INVESTMENT today is in well located business property in American cities.

Here is an example from the official records at Washington:

FIGURES FROM SIX BIG CITIES

The United States Government invested a total of \$1,126,801 in central business property in the six cities of New York, Philadelphia, Buffalo, Milwaukee, Kansas City and Los Angeles, had the use of these properties for an average of thirty-nine and one-half years, and then sold them for \$6,232,000, making an increased value profit of \$5,105,199. Thus the original investment was multiplied five and one-half times.

Average yearly increase in value about.....11 1/2 per cent.
Use of these properties on an average rental basis would be worth.....8 per cent.

Total average earnings of increase value at rent.....17 1/2 per cent.

Of course, private property in these six cities shows at least the same relative increase in value and rental returns.

When one considers that central business property is constantly bringing net rental returns in excess of that paid by the most favored security and that at the same time the material growth in value is being realized from year to year in ever-increasing rental returns and in ultimate sale value—when this is fully realized it will be clear why BUSINESS PROPERTY IS THE BEST INVESTMENT.

Ask any owner of a business block in Los Angeles if he would sell and lend his money or invest it in some other class of property. HIS ANSWER WILL CONVINCING YOU that business property IS the best investment.

HOW RENTS AND VALUES INCREASE

But you ask, how long will the increase in value and rents keep up?

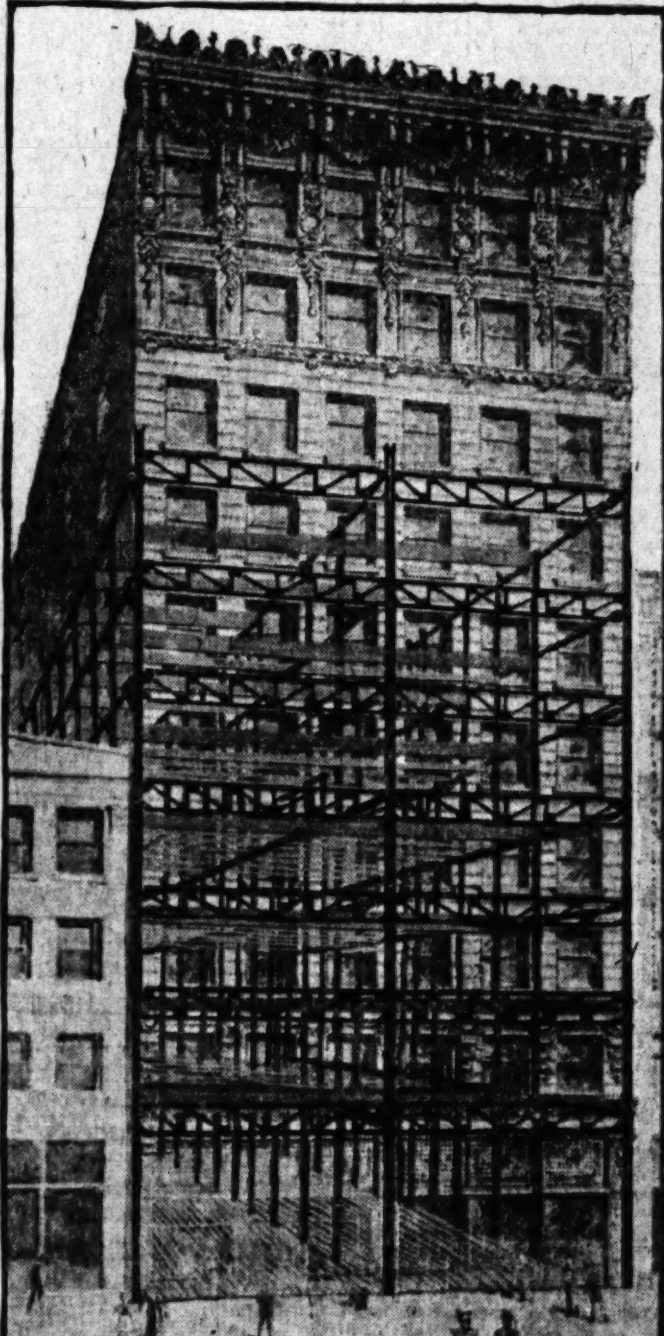

In the past ten years business property in Los Angeles has increased in value five hundred per cent., and the rents have increased at about the same rate. At present the highest annual rental on average business property in Los Angeles is about \$4 per square foot. To show you that rents and values are not likely to increase five hundred per cent. or any other amount and then become stationary in cities of the class of Los Angeles, it is only necessary to cite an instance from a larger and older city. Here is a typical instance from New York, and IT SHOULD SERVE TO SHOW THAT RENTS IN LOS ANGELES WILL AT ANY RATE CONTINUE TO INCREASE UNTIL THIS CITY IS AS LARGE AS NEW YORK IS NOW, which will probably be sufficient for most persons considering investments in Los Angeles today. A ground floor 28x28 feet at the corner of Broadway and Wall street, a small business concern—small as New York concerns are measured—is paying an annual rental of \$37,000, or \$47.20 a square foot. This certainly shows there is plenty of room for Los Angeles rentals to grow from \$4 per square foot before the top price is reached, even if the above figures from New York should prove to be the top for Los Angeles at some very remote time.

BUT HOW CAN I INVEST?

The question, therefore, naturally arises, how can I become an owner of Los Angeles business property and enjoy the security it affords and also participate in its vast income-producing results?

THE ANSWER TO THIS QUESTION IS THE PLAN OF UNIT OWNERSHIP.

The Trustee Company of Los Angeles, like her sister organizations, The Trustee Company of Seattle, The Trustee Company of Spokane, and The Trustee Company of Portland, confines its investments exclusively to business property. These companies, together with The Trustee Securities Company of New York, a strong financial organization which acts as fiscal agent for the several local companies, originated and uses exclusively the Unit Method of Business Property Ownership. That this method of investment has proven highly satisfactory is shown by the fact that these companies have created units in business property aggregating more than \$3,000,000, and are held by a thousand different investors.

Temporary office building in course of erection by The Trustee Company on Broadway, between Fourth and Fifth Streets, showing the steel frame up to the eighth floor and also showing how the building will look when completed. This will be the most up-to-date structure in Los Angeles and so great is the demand for offices in it that already nearly half the building is rented. All the steel frame work is being encased in reinforced concrete.

TRUSTEE PROPERTY NO. TWO

Each local company was organized and is controlled by local business men of high standing. THEY HAVE INVESTED THEIR OWN MONEY IN THE PROPERTIES and their profits are entirely dependent upon careful and capable management.

The Trustee Company of Los Angeles is now offering for sale units in Trustee Property No. 2 on Broadway between Fourth and Fifth streets. This building will be a Class A structure, ten stories, fireproof, modern and attractive. When completed, together with the ground, 59x155 feet, will have a value of \$525,000. This is divided into 325 units, which are offered at \$1600 each.

You can buy as many units as you wish, or you can buy fractional parts of a unit at \$100 per one-tenth.

UNIT METHOD IS CONVENIENT

Each unit is conveyed to you by an Investment-Bond, and the title to the property is certified to by the Los Angeles Trust Company.

The property is CLEAR OF ENCUMBRANCE, and by the terms of the title-deed can NEVER be mortgaged, yet you can use your unit as collateral if you desire.

You can sell your unit, and the transfer is as simple as transferring a government bond.

You are ABSOLUTE OWNER of your unit and can devise it by will as you wish.

Each unit is NON-TAXABLE, and independent of all other units, not only in this property, but in any other Trustee Property.

By this method of Unit Ownership each unit participates equally in all the advantages of business property—THE SECURITY, THE INCOME, THE INCREASE.

WHAT THE TRUSTEE COMPANY DOES

The Trustee Company manages the property, paying first the operating expenses. Then \$50 per unit is paid annually in quarterly dividends to unit owners. Next two-thirds of the surplus is divided pro rata among the unit owners, and lastly, one-third of the surplus goes to The Trustee Company.

Remember, The Trustee Company receives NONE of the earnings until after all operating expenses, fixed and surplus dividends are paid to unit owners.

THINK WHAT WOULD HAVE BEEN YOUR PROFIT HAD YOU INVESTED \$1,000 OR \$5,000 OR \$10,000 TEN YEARS AGO IN LOS ANGELES BUSINESS PROPERTY!

WELL, THERE WILL BE OTHER YEARS OF LOS ANGELES BUSINESS ACTIVITY AND PROSPERITY GO BY AND YOU CAN RETRIEVE LOST OPPORTUNITIES BY ACTING NOW.

We have just published Booklet No. 5, which gives in detail the advantages of Trustee Property No. 2 as an investment, and which also explains fully the plan of unit ownership of business property. It will be furnished upon application, either in person or by mail.

VOTE TO CLOSE POOLROOMS.

CITY TRUSTEES OF RIVERSIDE ACT UNANIMOUSLY.

Members Discuss Question of Providing Place for Men Who Have for Years Been in Habit of Spending First Day of Week at Green Baize.

(SPECIALLY CONTRIBUTED TO THE TIMES.)
RIVERSIDE, May 7.—In line with the work of reform that is marking the closing days of their administration, the City Trustees today voted unanimously in favor of closing the poolrooms of the city on Sundays. A petition, signed by 150 High School boys, together with the hopes of the faculty, was a forcible argument in favor of this move. This petition was presented by L. T. Lewis, secretary of the boys' department of the Y.M.C.A. A second petition, signed by 700 citizens, was also submitted.

The question was brought up by President McFarland of the Board of Trustees as to what could be done toward providing some meeting place for the men who for years have been using the poolrooms as a clubroom in which to spend their Sundays. It was argued that the public library is not open all day, and the grade in White Park is watered on that day, making it impossible for the men to use this as a meeting place.

Trustee, Lawyer suggested that a hall be rented and fitted up in an attractive manner. This suggestion met the approval of many of the trustees, who were present to urge the matter of Sunday closing, and it will be given later consideration.

GOVERNOR CLIMBS RUBIDOUX.
Gov. Gillett is at the Glenwood today, enjoying a brief rest before going to Los Angeles to participate in the festivities of the Fiesta. He went to the top of Rubidoux Mountain this morning, and was enthusiastic over the beauty of the view and the splendid character of the road which has been built to the summit by the Huntington Park Association.

BIRTHS, DEATHS, MARRIAGES, DIVORCE.

SIEGEL'S—WOMEN'S—CHILDREN'S WEAR

Meyer Siegel & Co.
251-255 SOUTH BROADWAY

Linen Suits For Women

Coat suits in advance models—far in advance of those shown in ordinary dry-cleaning stores.

Many of original copies and the favored models for the coming summer.

The exclusiveness in these suits, coupled with the faultless fit produced by the Siegel's staff mechanics, makes them pointed anywhere.

The variety is large as well in fabrics as in styles; prices at \$15.00, \$18.50, \$22.50, \$30.00 to \$65.00 and up.

Dressy Blouses

AT ONE-THIRD OFF.

A fine selection of over a score models of the most fashionable in lace, nets and silks.

Women's Undermuslins

Special Selection

\$1.45

Placed on sale while they'll last—50 dozen garments in all, consisting of night gowns, drawers, chemises, corset covers and skirts of fine lawn, cambric or muslin, trimmed with val-de-lin, navy, ivory laces or with various embroideries.

Travelers' Requisites

Our leather goods department is the most complete in the city and is replete with fashion's latest in Bags, Suit Cases, Purses, Toilet Rolls and traveling accessories.

SANBORN, VAIL & CO.
357 South Broadway

Our Way of Shampooing

is considered the best in the city. Our operators are competent and experienced, and our methods scientific and satisfactory. Hair dried by sun or hot air. Charge for shampoo, 50c.

If you are troubled with scalp disease, consult us.

BENNETT TOILET PARLORS. N. E. Cor. 5th & Spring

FOR GREATEST VALUES

R. D. BRONSON
2425 SOUTH SPRING ST. DESK CO.

FROSTED FRUIT—cooling and delicious. One of our most delightful drinks. Try one, Mr. Shriner, at The Big White Onyx Fountain.

WEDNESDAY MORNING, MAY 8, 1907

On All News Stands, 5 C
Trains and Streets.

ROMANTIC MIRACLE OF LIGHT IS WROUGHT LOS ANGELES SHOWS A SPECTACLE NEVER SEEN BEFORE

Beautiful Electrical Parade, With Thousands of Shriners in Line, and Two and a Half Miles Long, Viewed By an Enthusiastic Multitude.

The sparkling diamond float, and a glimpse of the gorgeous pageant coming up Broadway past the reviewing stand at the City Hall.

HALF-MILLION EYES BEHOLD.

Crowd Out to View Parade Last
Night Largest Ever
Here.

Conservative estimates of the crowd which massed along the line of march of the parade, that in the many grand and minor stands, filled the windows of nearly every building, including those on side streets back for a third of a block from the main street, or watched from the roofs, is 200,000 human beings. Some good judges of crowds placed the number at 250,000. It was the largest one gathered in Los Angeles.

From Seventh to Temple streets is nine long blocks on Main street; each block averages 600 feet without counting cross streets, which average sixty feet more. From Temple to Ninth street on Spring street is eleven blocks, and from Ninth street on Broadway to Second street is seven blocks; a total of twenty-seven blocks.

On the majority of blocks the people sat and stood six and seven deep, or an average of five deep; that makes 182,000 on the sidewalks. On the twenty-seven cross streets would be 2100; on the grand stands is estimated 12,000 people paid for seats; from windows at least 5000 saw the parade, from roofs 4000 more, while from doorways, porches and impromptu stands, of which there were scores, at least 7500 making a total by this count of 201,500.

While there is no way of absolutely estimating a great mass of people, many of whom move from one point to another within a short space of time, yet the method in this case is pretty accurate.

(Continued on Second Page.)

Enameled gift buckles; square, long and oval shapes; will not tarnish; worth 50c. Special 10c.

and a doubt no scene like that has ever been beheld on the streets of Los Angeles. It was not alone a triumph of the practically inexhaustible forces at our command, but a triumph of art, the triumph of master artisans and the triumph of the scientific mind. It combined the elements of romance, the elements of the past and the elements of the future. Behind the skill and the ingenuity of the brain that planned it, was the soul of wonder that created it.

CITY OF LIGHT.
Before the pageantry of light and whirling wheels began to move upon the wondering eyes of the city, heralds of the night of glory. To make the crimson ray of the dying day the waters of the Sun from well and dome and the spreading of the scientific mind. Upon the thronging city there fell a hush. The roar of the mighty city seemed to die. Men and women stood as though waking from a dream. It was as though the soul of the city had been touched by the hand of the divine.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Wiggins to Be Commissioner.

Gov. Gillett has just decided to make Frank Wiggins, director of the California Commission on the Yukon Exposition of 1909, J. K. Fitcher, who acted with Mr. Wiggins at St. Louis, will be the other commissioner.

Contractor's Home Burned.

During his absence, the home of John E. Mullish, a contractor at Sixty-fourth and Main streets, was burned to the ground yesterday. No one notified the fire department. It is supposed that the fire was caused by the explosion of a lamp. The loss is about \$5000.

Library Hours Changed.

The library and branches will be closed at 7:15 each evening of Fiesta week, and all day Friday. The branches, which are ordinarily open to the evening from 4 to 8, will be open from 4 to 7:15.

His Injuries Serious.

William Warner, of No. 801 Maple avenue, was run down and injured by an express wagon driven by Jack Beatty, of No. 323 Maple avenue, at Third street and Central avenue last night. Warner sustained serious internal injuries and his head and limbs were lacerated. He was sent to the County Hospital.

Delegates to Grand Lodge.

B. Porter left last night on the Santa Fe for Rochester, N. Y., to attend the convention of the Grand Lodge, Order of Beth Abraham, which begins May 12. He is a delegate from the local lodge, No. 418. After the convention Mr. Porter will visit New York City and other eastern points, and will return to Los Angeles in about six weeks.

Suit Against Santa Fe.

Charles Goldman and his wife, Nina F. Goldman, have filed an action for damages against the Santa Fe company, the suit being brought in the United States Circuit Court. They allege that in September, 1906, they started from Chillicothe, Mo., to Los Angeles, and that near Lewis, Kan., the train was wrecked. Mrs. Goldman sustaining injuries which afterwards resulted in serious female trouble. They ask a doctor's bill of \$100 and damages amounting to \$12,500.

Optometrists Adjourn.

The state convention of optometrists came to a final adjournment yesterday at noon, after having spent the morning in a free-for-all discussion of matters of interest to the profession. The old officers of the state association were all re-elected, and next year it will be reorganized on the plan adopted by the convention on Monday. In brief, this plan is to form local associations and be represented in the state body by one delegate for each member. Heretofore it has not been a delegate body, but every member had a voice and vote on the floor.

Too Fresh by Half.

Curtis Mann, who claims to be the most influential citizen of Rhyolite, Nev., attempted to pull down a wire stretched along Spring street, near Fourth street, early yesterday morning. When an officer interfered with him, the policeman received a trade of abuse. Mann was sent to Central Station. There he created a scene by informing the desk sergeant that he could whip any policeman on the force. Mann was admitted to bail, but claimed that he would sue the officer who was discharged. Mann did not appear in Police Court and the officer is still at work.

BREVITIES.

Visiting Shriners. Friends at home will want to know what a lovely time you are having in the oasis of Los Angeles, amid the orange groves and the towers. The Times will daily print detailed accounts of the big "doings." For the Times will be mailed, postpaid, every day during Fiesta week, including the great special Fiesta-Shriner Number, to be issued May 11. Orders may be left at any newsstand or at The Times office, corner First and Broadway.

Ladies—Want your shoe trade. I claim to sell \$3.00, \$4.00 and \$5.00 Sample Shoes in all sizes for \$2.00 a pair. If I can substantiate my claims I must receive your patronage. I carry only the best makes and latest styles. Visit my shop and look over the shoes I sell for two dollars and you'll be convinced. A useful souvenir will be given to each customer today. Harry Merrill, 8 Sample Shoe Men, 8th floor, Merchants' Trust Bldg., No. 207 South Broadway. Take elevator.

Fiesta-Shriner Souvenir—The Times-Mirror Printing and Binding House will issue an elegant pictorial souvenir of the carnival week's display. It will be a complete picture of all the beautiful floats, and will also contain the portraits of many prominent Shriners. Will be out about May 8. Leave orders at 110 N. Broadway.

VOTE TO CLOSE POOLROOMS.

CITY TRUSTEES OF RIVERSIDE ACT UNANIMOUSLY.

Members Discuss Question of Providing Place for Men Who Have for Years Been in Habit of Spending First Day of Week About Green Bais.

(SPECIAL CONTRIBUTED TO THE TIMES) RIVERSIDE, May 7.—In line with the work of reform that is marking the closing days of their administration, the City Trustees today voted unanimously in favor of closing the poolrooms of the city on Sundays. A petition, signed by 150 High School boys, together with the names of the faculty, was a forcible argument in favor of this move. This petition was presented by L. T. Lewis, secretary of the boys' department of the Y.M.C.A. A second petition, signed by 700 citizens, was also submitted.

The question was brought up by President McFarland of the Board of Trustees as to what could be done toward providing some meeting place for the men who for years have been using the poolrooms as a clubroom in which to spend their Sundays. It was argued that the public library is not open all day, and the game in White Park is watered on that day, making it impossible for the men to use this as a lounging place.

Trustee Lewis suggested that a hall be rented and fitted up in an attractive manner. This suggestion met the approval of many of the church people who were present to urge the matter of Sunday closing, and it will be given later consideration.

GOVERNOR CLIMBS RUBIDOUX.

Gov. Gillett is at the Glenwood today, enjoying a brief rest before going to Los Angeles to participate in the festivities of the Fiesta. He went to the top of Rubidoux Mountain this morning, and was enthusiastic over the beauty of the view and the splendid character of the road which has been built to the summit by the Huntington Park Association.

BIRTHS.

DEATHS. MARRIAGES. DIVORCE.

DAZZLING AND ROMANTIC MIRACLE OF LIGHT IS WROUGHT AND LOS ANGELES SHOWS A SPECTACLE NEVER SEEN BEFORE

Wondrous and Beautiful Electrical Parade, With Thousands of Shriners in Line, and Two and a Half Miles Long, Viewed By an Enthusiastic Multitude.

The sparkling diamond float, and a glimpse of the gorgeous pageant coming up Broadway past the reviewing stand at the City Hall.

HALF-MILLION EYES BEHOLD.

Crowd Out to View Parade Last
Night Largest Ever
Here.

Conservative estimates of the
crowd which massed along the
line of march of the parade,
sat in the many grand and
minor stands, filled the win-
dows of nearly every building,
including those on side streets
back for a third of a block
from the main street, or
watched from the roofs, is 200,
000 human beings. Some good
judges of crowds placed the
number at 250,000. It was the
largest one gathered in Los An-
geles.

From Seventh to Temple
streets is nine long blocks on
Main street; each block aver-
ages 600 feet without counting
cross streets, which average
sixty feet more. From Temple
to Ninth street on Spring street
is eleven blocks, and from Ninth
street on Broadway to Second
street is seven blocks, a total
of twenty-seven blocks.

On the majority of blocks the
people sat and stood six and
seven deep; or an average of
five deep; that makes 182,000
on the sidewalks. On the
twenty-seven cross streets
would be 8100; on the grand
stands is estimated 12,000 peo-
ple paid for seats; from win-
dows at least 8000 saw the pa-
rade, from roofs 4000 more, while
from doorways, porches and
improvised stands, of which
there were scores, at least 7500
making a total by this count of
261,600.

While there is no way of ab-
solutely estimating a great
mass of people, many of whom
move from one point to an-
other within a short space of
time, yet the method in this
case is pretty accurate.

(Continued on Second Page.)

world for that one brilliant instant
stood still in its tracks.
Then, in another instant, as the vi-
sion used itself to the sudden and as-
tounding splendor, the streets were
filled with the indescribable babel of

human voices. Up from the four great
arteries of the town, stretching for
miles away, there rose at first a dull
roar, followed by shrieking troubles and
the blare of horns and trumpets. Then
again the silence, and again the tu-
mult.

The miracle was wrought. The soul
of the waterfall in the distant cañons
worked its magic spell. Its rain-
bows were spread endlessly over
street and highway. The gleam of the
sunlight on its flashing, tumbling tor-

rents leaped new born on roof and
tower and flame-swept facade. The
white effervescence of its milky foam
bathed wall and bounding arch and
woke the sleeping birds into sudden
song. Sun and water mixed their
wondrous alchemy in thrice the seven

prisms of God's palette. Here hung
a shining scimitar, and there a star
that was all the stars of the firm-
ament in one. Yonder swept a meteor,
prisms of God's palette. Here hung
a shining scimitar, and there a star
that was all the stars of the firm-
ament in one. Yonder swept a meteor,

1997

PUBLIC SERVICE.

SUMMARY OF THE DAY.

At a joint conference yesterday the Mayor and Council agreed to pay \$2500 for a report from Engineer Henry Dockweiler on the Owens River project.

Commissioner Edwards and Mayor Harper thanked the employees in the street maintenance department yesterday for the good work they have done preparing the city thoroughfares for Fiesta.

William Leroy and A. Bert Bynan, on a charge of criminal libel brought by Charles Lovelace of Ocean Park, yesterday were held for trial in the Superior Court.

Jacob Secret of Kansas, who said that he came to Los Angeles to kill C. Walter Lynn, unless the latter returned money invested in alleged worthless mining stock, was arraigned in the Police Court yesterday and fined \$10.

W. L. Warner, who was convicted of taking a watch from Mrs. Fanny Costello, was sentenced by Justice Austin yesterday to 30 days in jail, or to a fine of \$120.

AT THE CITY HALL.

EXPERT REPORT COMES HIGH.

CITY MUST PAY HUGE SUM FOR DOCKWEILER'S OPINION.

Mayor and Council Ask for Extended Research and Approve Estimates of Three Thousand Dollars in Favor of Engineer-Rock Creek Disappears from Official View.

Just for a good-will meeting, Mayor Harper and the members of the City Council met for two hours in an executive conference at the City Hall yesterday afternoon.

"We were discussing plans for awakening more public interest in the Owens River bond election," said the Councilmen after the conference. "There can be no question as to the attitude of the Mayor or of each member of the Council. We have asked the people to ratify the issue of \$250,000 of bonds. Our statement in that request asserts that we consider it of prime importance to the city that this water should be secured as soon as possible. To this each of us voted yes."

Incidentally, the Councilmen mentioned that they had discussed Engineer Dockweiler's forthcoming report with special reference to cost. This appears to have been the prime object of the conference.

Mayor Harper said that the Council has instructed Mr. Dockweiler to prepare and present an extended report. The legislators have approved resolutions for \$2500 in favor of Dockweiler. Of this \$2500 is for the report proper, and \$150 for the expenses of Dockweiler and his assistants.

Last night Dockweiler telegraphed to San Francisco for his special men; as soon as they arrive work on the report will be begun. Friends of the administration say that the city is getting the report cheap; they point to the report of the board of experts and mention that the city paid each member of the board \$7500 and expenses.

There are others who are not so well pleased with the latest arrangement. Many hold the opinion that the Dockweiler report is bound to be superfluous. They say that it either will confirm the report of the board of experts or it will not. If it confirms the report it is useless; if it does not, it can be of little value because the average citizen is likely to prefer the report of the board of experts to that of Engineer Dockweiler.

Councilmen understand already that Engineer Dockweiler will devote most of his report to confirming the salient points in the report of the board. Like every other engineer of standing who has investigated the Owens River project, he is convinced that the city has vital need of the water and that it will get the supply at a very small cost. The report of Mr. Dockweiler will differ from the one that has gone before only in technical details. In the main it will be a confirmation of the wisdom of the city in securing a permanent water supply in the Owens Valley.

At the City Hall there is not a single dissenting voice to the Owens Valley project. Councilmen who were suspected at one time of being lukewarm are now first among the enthusiasts. "Seeing is believing" is the way they explain their faith in the enterprise.

Just as soon as the Fiesta days are over the Council and Mayor will formulate a plan by which the administration can take an active part in the campaign in favor of the Owens River bonds.

Rock Creek now appears to be only a sunken rivulet. Last River is the name it received at the Council christening. It was not mentioned during yesterday's conference.

STREETS IN SHAPE.

Commissioner Edwards of the department of public works sent a special communication to his chief outside deputy yesterday thanking him and the foremen and men in the street maintenance department for efficient service during the last five weeks.

Commissioner Edwards says in his communication: "For myself and in behalf of the board, I want to thank you, the foremen and deputies for what has been accomplished in the last three or four weeks in the way of getting the streets ready for Fiesta. I have seen over the paved streets and most of the leading thoroughfares and find them in good condition. In fact, as you are told by many that they never saw the streets in as fine condition so early in the spring after a severe winter."

Do not forget to thank the contractors and the foremen of the several utility companies and the several railways who have cooperated with us in this effort. All have done well and again we thank you and your men for the help you have given to the city in the way of the Street Maintenance Department.

Mayor Harper joined later with Commissioner Edwards in thanking the men in the street department for the extra effort they have made to put the streets in good condition for Fiesta.

City Hall Chaps. Friday will be a legal holiday in all city departments; it has been so declared by Mayor and Council that the city employees may have one day to enjoy Fiesta.

Members of the Council are trying to explain to each other how they came to adopt an "official reviewing stand" without first securing seats for themselves therein. The stand in front of the municipal building is for the exclusive use of the delegates to the Imperial Council of the Mystic Shrine. The legislators accepted an invitation to declare a certain reviewing stand

on Broadway the official tribune. Yesterday they discovered that each must pay regulation prices for his seats. An unusually large amount of meat has been condemned this week by the inspectors in the health department. These are keeping close watch on restaurants and butcher shops during Fiesta.

A hole was punched in the fire limits by the Council Monday large enough to permit two blocks on Central avenue, near Eighth street to slip through. Councilman Lyon handled the punch.

AT THE COURTHOUSE.

WITNESS CALMLY ADMITS LYING.

CURIOUS TESTIMONY GIVEN IN SUIT FOR LIBEL.

William R. Leroy and A. Bert Bynan Held for Trial—Charles Lovelace Is Plaintiff—Little Light Is Thrown on Alleged Proposed Millions for Hot Air Engine.

William R. Leroy, the man who failed to keep close track of a person who is to pay him \$20,000,000 for a hot-air engine and patent, yesterday was held for trial in the Superior Court on a charge of criminal libel, together with the man made co-defendant with him in the examination in Justice Summerfield's court, A. Bert Bynan.

A number of witnesses testified at the continuation of the examination, but without throwing any very clear light on the peculiar circumstances of alleged millions, alleged blackmailing and other matters. Heated discussions arose among the attorneys for prosecution and defense, too.

W. J. Gould, a director in the Leroy Air Power Manufacturing Company, testified that Widrig, the alleged blackmailing agent of Charles Lovelace, had said to him: "Lovelace played the baby act and threw me down."

Widrig himself, on the stand, admitted some statements accredited to him, but cheerfully claimed that he had lied. "We have to lie down there," he explained.

Laughter greeted the admission. Laughter, too, was won by many of the bright and in which Earl Rogers indulged, contending with the stockholders of the company.

Matheson & Berner

Broadway, Corner Third

Invest \$35,000 in alleged worthless stock.

G. Boyden Lynn, a son of the man Secret blamed, and young Dillberger were both in court yesterday when the prisoner was arraigned. To the charge of carrying a concealed weapon Secret pleaded guilty. He declared his intention of returning at once to his home in Randolph, Kansas.

"I believe that man will get us all," said Boyden Lynn yesterday, when speaking of Secret. "He has sent my father many threatening letters and seems determined to commit murder. When he drew that big pistol Monday in the office I thought my time had come."

"This is not the first time Secret has caused us trouble. About a year ago he went to Oakland and demanded that his money be returned to him. He has invested about \$25,000 and as far as I know the stock is good. My father paid \$500 in assessments for Secret last year and gave him \$1500. I paid Secret's fare back to Kansas at that time."

"His statement about having invested in the Ethelwyn Gold Mining Company is false. He purchased from Mr. Lynn stock in the El Dorado Gold and Copper Mining Company. A little over a year ago the El Dorado company became financially embarrassed and an assessment was levied. Out of kindness for Mr. Secret the assessment was met by Mr. Lynn. Secret has several times threatened to murder Mr. Lynn and his family."

Warner's Heavy Sentence.

W. L. Warner, who was convicted of petty larceny on the testimony of Mrs. Fanny Costello, was sentenced to 180 days in the City Jail yesterday or to a fine of \$120. The sentence was pronounced by Justice Austin. Mrs. Costello was in court. She will be the most important witness in the case now pending against Warner, in which he is charged with obtaining money by false pretense.

INTERESTING SHOW.

Throng Continues to Patronize the Exposition of Southern California Manufacturers.

Perhaps nothing creates more steady interest at the Made in Southern California Exposition, on Main street, than the story of a silk dress, from the mummy leaf to the finished dress pattern. The silk worms are there at work, not in glass cases but in the open, so that the curiosity of people may be fully gratified; the cocoons are there in all stages of development, and then the loom runs constantly weaving the silk.

At the booth of F. W. Braun & Co., some real assaying was done, the gold being cast into little bricks in the presence of the crowd, and the cupel was also brought from the furnace with its tiny button of silver, all of which was interesting to those who had not before seen it done.

There was real excitement yesterday at the Times booth, where every gentleman caller was presented with a carnation, and every lady with a bunch.

"Well, I'll declare; who ever heard of a like? How beautiful! Um-m; thank you," was the exclamation of an eastern lady, as she smiled at the carnation.

All day yesterday the exposition was crowded, and at night the crush was as great as on former nights.

IDEYLLWILD TWO WEEKS LATER.

At the annual meeting of the stockholders of the Ideylwild Mountain Resort Company the following directors were elected: George I. Cochran, president; W. Jarvis Barlow, vice-president; Carl Kuntz, treasurer; Ralph A. Lowe, secretary; Charles Seyler, Jr., E. T. Bicknell, Walter Lindley, P. C. E. Matison, W. W. Hittcock, George Hart, West Hughes. The resort will open June 15 and the season extended to October 15, two weeks later this year than heretofore in opening and closing. There will be a number of improvements over the condition of last year.

THEIR FIGHT IS HOPELESS.

STRIKING TEAMSTERS KNOW THAT THEY HAVE FAILED.

Union Men Seek Their Old Places

but They Are to Be Treated as Individuals and No Recognition of Their Organization Will Be Conceded by Employers.

Overtures were made yesterday by the Teamsters' Union to call the strike off. While nothing of an official nature was done, the strikers let it be known that they have had enough. They are willing to concede almost everything, it is said, in order to get their jobs back. One union man went to work yesterday morning. Because of threats made by the strikers a deputy sheriff rode with him.

Members of the Draymen's Association remain firm in their determination not to treat with the union and yesterday turned down the latest demand of the strikers. Willing to concede almost everything, the strikers demanded a promise from the draymen that every striker be taken back in the event of the strike being declared off. This demand was refused. The truck owners declare that such a demand would mean the reinstatement of drivers who are undesirable. They will reserve the right to employ only those whom they consider good workmen.

The teamsters' strike will undoubtedly weed out the undesirable, declare the draymen, and they say they intend to take back only the best of the men who walked out Wednesday. The agitators, it is said, will find they are out of jobs and must look elsewhere for work.

Falling in their efforts to exact a promise from the truck owners, the teamsters yesterday made false promises to the non-union men who are working to break the strike. These men were offered \$1 a day to quit their jobs. Several accepted the offer only to find the union had lied to them.

No sooner did the non-union drivers leave their wagons than they were taken directly to the saloons. Liquor was given to them and they were told to call around at the end of the week for their money. They will get nothing.

Another effort was made by the union bosses yesterday to call a sympathetic strike among the several unions who are most interested in the outcome of the teamsters' strike. The Ice Wagon Drivers' and the Laundry Wagon Drivers' Union leaders asked for aid. They refused to call their members out. This refusal on the part of every union leader to aid the strikers is causing much dissatisfaction, it is said.

According to members of the Draymen's Association the strike is practically settled as far as they are concerned. True, they are moving all over the city and the business is not being interfered with. Two-thirds of the truck and transfer companies were working full-handed yesterday. The strikers can only hope to return to work as individuals, say the employers.

How Pabst Grows Malt

Malt is the body of beer. It is what makes beer a food, rich in health-giving qualities.

Malt is barley-grain, sprouted and partially grown.

Most malsters force this process in three or four days time.

Pabst takes the full eight days as required by Nature, with the result that Pabst gets a nutritious, strength-building malt.

It takes Pabst longer and it costs Pabst more to make this perfect malt, but this Eight-Day Malting Process retains in

Pabst Blue Ribbon

The Beer of Quality

the fullest amount of tissue-building nourishment of the barley—the grain richest in food values.

The Pabst Eight-Day Malting Process is much the same in the action as the process of digestion. Pabst Malt is practically pre-digested. Pabst Blue Ribbon Beer is actually ready for the system to assimilate without the necessity of first taxing the stomach to digest it.

When ordering beer, ask for Pabst Blue Ribbon. Made by Pabst at Milwaukee and bottled only at the Brewery.

TEA

Good tea and tea are quite different; both grow on the same bush.

Your grocer returns your money if you don't like his tea. We pay him.

\$6.50 Suit Cases \$4.25

24-inch suit case of best quality keratol, full 7 inches deep, has heavy leather strap all around case, lined with art linen and fitted with shirt fold; straps in body of case; heavy brass lock and catches; will stand the hardest knocks of travel. \$6.50 value, on sale today at \$4.25.

500 Pairs of Women's High Top Boots

\$1.98 Instead of \$2.50

They're spring styles—that's the reason. Just when we're opening summer lines, just when we're arranging our shoe department for the display of oxfords and low shoes, along comes 500 pairs of women's high top boots bought for spring business. Why do we keep them? Because they are such remarkably good \$2.50 shoes that when the manufacturer said he could not ship by March 1st we said "ship as soon as you can." And instead of taking an extra two weeks, he took an extra two months. Every pair is stamped "Central \$2.50 Shoe," but they will be sold for \$1.98.

Vici kid or patent colt with dull kid top, new, stylish lasts, extension or light weight sole, Cuban heels, all sizes, the best \$2.50 shoes we've ever seen; priced for quick selling..... **\$1.98 Pr.**

Fashionable Skirts Made to Measure for \$7.95

Dress Goods Department, First Floor

To introduce our new ladies' tailoring department, we will make skirts to measure, furnish all materials, and guarantee perfect fit for \$7.95. The work is in charge of one of the best tailors in this city, whose ability is beyond question. Styles are varied and absolutely correct. Materials are thoroughly shrunken and sponged. Choice of fabrics includes such desirable weaves as fine chiffon panamas, wool taffetas, mannish checks and plaids, tailor cloths, etc. Skirts made to measure, and at once, for \$7.95. Dress Goods Department, main floor.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

GEM NIPPERS

ROB CROWD.
PICKPOCKETS, ALSO BUSY IN PASADENA.

Thieves Operate in the Throng of, Shoppers Visiting the Crown of the Valley. Police Warn Many Suspicious Ones to Leave, but Fail to Catch Light-fingered Gentry.

Office of The Times, No. 23 S. Raymond Ave., PASADENA, May 7.—Alone among the perfect success of Pasadena Day, pickpockets lurked amid the throng of Mystic Shriners massed about Hotel Green yesterday. While most careful vigilance on the part of police officers and plain clothes men was maintained, ten cases of thievery were executed. The fact that no one was apprehended and that the Police Department holds no clues may be taken as a warning of the character of the gentry that is seeking to reap a harvest from the "conclave" of the E. V. Wind of Kingston, N. Y., reports the loss of a pocketbook containing \$500 in bank notes, a return ticket east, and several important papers. He believes that it was drawn from his inside coat pocket as he stood in the lobby of the Hotel Green. He told the police that he would be willing to forfeit the money, "gladly," if the thief would return the papers, which are alone valuable to the owner. The situation to this man is distressing and an appreciation of his feelings will arouse careful vigilance by people of this city who visit Los Angeles this week.

Vested with responsibility of civil safety, even Police Commissioner W. R. Windham was a victim. A valuable Masonic pin was cut from the button attachment in the lapel of his coat. It was so deftly nipped off that Windham did not notice it until it was too late to identify a figure skulking away in the crowd.

"Leave your diamonds at home," says A. E. Crookston of Omaha, Nebraska, who was "touched" for a sparkling stickpin. He also thought that he detected a retreating back that looked suspiciously like him, but was unable to give a satisfactory description of the man.

A woman, refusing to give her name, reported the loss of a purse to the attendants of the information bureau. "I hate to think that a thief can be among this high-class throng," she said. "I have a faint hope that my purse may be turned in here. It contained my ticket home, but really I was just as soon stay in this beautiful land." With a smile intermixed with sadness and sweetness, she walked away, saying that she would call again to inquire for her purse.

Fully a score of men were ordered from the grounds by police officers and the very fact that all of them made no opposition to leaving indicates that they must have been of the species of the pest that infests all crowds. "The pickpocket is the hardest crook of crime to capture. People must guard themselves by their own vigilance at home," said former Chief of Police W. W. Freeman.

COMMITTEES NAMED.
At the short session of the City Council held this morning, the committees of the countenancing body were named, and to some of the most ardent supporters of former Mayor William Waterhouse were given the task of the fattest committee plums, showing that the new Mayor, Thomas Barry, desires the spirit of harmonious cooperation in every transaction the new body of city fathers shall perform. The committees named are Finance, Councilman Hotelling, chairman; Braconley and Root, street and alleys, Councilman Crandall, chairman; Barnes and Webster, parks and playgrounds, Councilman Crandall, chairman; and the committee on the city hall, Councilman Crandall, chairman.

MILK NOW IS CLEAR.
The hue and cry which was raised recently over the dairy-milk-milk cases, in which one of the most prominent dairymen delivering milk into the city came in for a round roasting and two arrests on charges of violating the dairy ordinance, has quieted. The city health officer, who was the original discoverer of the violation, is now a very full report to the City Council this morning. The report showed that the dairymen had also found it convenient to become interested in the welfare of their dairies. The Raab Creamery Company dairy was found in a sanitary condition. At the Del Coronado everything was lovely except in the dairies. H. C. Deming's small dairy on North Lake avenue was found very unsanitary, but he was reported to have sold out his six cows and ceased to run the dairy. The Seltzer dairy was also among the good ones. J. S. Hoven's dairy was not among the better class and was reported unsanitary. Other smaller dairies were found to be quite on the fence between good and bad. Unsatisfactory conditions were ordered remedied.

BLIND PRISONERS FINED.
John Quintero and Joseph Miller were given a fine of \$100 to pay yesterday morning when they faced Justice Klamroth on the charge of conducting a blind pig at Hefberg Inn, the result house used by Kid Solomon as training quarters.

The Kid took charge of the inn during the absence of the owner, who was on the same old line, if reports can be believed. The offenders paid the fines out of the bail money of \$300 which they had deposited.

PASADENA NOTES.
At a meeting of the Board of Trade directors last evening, at Hotel Maryland, J. C. Bruns was elected as a member of the board, and in his place Edward T. Off, president of the Tournament of Roses Association, was appointed. President Sargent of the board was authorized to appoint a committee of five to arrange for the entertainment of the visiting members of the National Educational Association, which will convene in Los Angeles in July, and who are expected to make Pasadena their home in the latter days during which the convention will be in session.

I have 1000 acres of gold coin, the best in the world. The gold is pure and the soil is rich. I am offering it for sale at a low price. Write to me for more information. Geo. Roth, Porterville, Cal.

UNIQUE GIFT OF CHIMES.

Account of Man Saved from Suicide Induces a Donation.

(SPECIAL CORRESPONDENCE.)

LONG BEACH, May 7.—Mrs. Kestiah Smith of Hollywood has made a gift of \$4000 to the Presbyterian Church of this city for the installation of a set of chimes.

Mrs. Smith gives the bells, because of an incident she heard concerning the Elias A. Otis memorial chimes at Hollywood.

The story is that a despondent man had made up his mind to commit suicide; but when he heard the bells chime forth Lowell Mason's familiar tune, "Nearer My God to Thee."

This man afterward told Mrs. Smith of his resolve and of the sudden interposition of Providence through the chimes at Hollywood Cemetery, and Mrs. Smith at once resolved to donate a set of bells if opportunity offered itself.

The Long Beach chimes will be placed in the belfry of the new Presbyterian Church upon its completion.

FISHERMAN'S BAD LUCK.

Nova Scotia Man Has Ill Fortune While Angling Near Long Beach.

LONG BEACH, May 7.—Harry Hamilton, a Long Beach visitor from Nova Scotia, lost \$25 in cash, a diamond ring and transportation to Prince Edward Island, Nova Scotia, while fishing near the pier this morning.

Mr. Hamilton discovered his loss just after landing a big fish, with which he had a hard tussle, and fears that the real villain was the fish, which he was battling with the fishy monster.

As soon as he discovered his loss, the gentleman made a report to the police and every effort was made to recover the articles, but without avail, and penniless and without a friend on this side of the continent, he returned to Los Angeles this morning, whence he came last night for a day of fishing from the famous pier.

INMATE CONFERENCE.

Rev. Will A. Betts, pastor of the First Methodist Church, stated today that a sufficient sum to assure the completion of the proposed edifice could be raised within a few days, and in consequence there will be no charge in the plans of Long Beach with regard to the holding of the next conference.

The conference will be held at the hotel of the First E. Church, which has been extended and accepted and the belief now prevails that the new building will be ready by the fall, when the conference convenes.

ROLLERS BUSY.

Followers of the Apostolic Faith, or as is sometimes known, the Holy Rollers, held a conference at West Long Beach today, the object of the being present. One of the features of the day was the baptizing of sixty converts in the waters of the Pacific Ocean by Rev. E. McCauley, the colored leader of the faith in this city. The beach was used for rolling purposes and from all appearances the affair was a most successful one, though the members of the sect are shy of newspaper men.

AVALON.

AVALON, May 7.—"Old Ben" got a bad fall today and a rather serious one. A temporary stop to the interesting exhibitions which he gives visitors to the island, "Old Ben" is a huge sealion, the largest of the herd which has his home at Seal Rocks. Ben has become quite tame and comes out on the beach and takes food from the hands of visitors. George Short, the bath-house manager, has made a special pet of the big sealion and he follows him around like a dog, climbing steps and doing other stunts. Today he had him out on the bath-house wharf, when something startled him and, instead of going down the main stairs, he made a dash for the side stair, which collapsed under his weight of the huge beast, and he fell down in a jumble. Ben received several cuts, but was more frightened than hurt.

Beginning today and perhaps continuing throughout the summer season, anywhere between the place of the Shriners here, there will be two daily boats, arriving at 12:30 and 5:45 p.m. and leaving at 6:45 a.m. and 3:15 p.m.

Hotel Metropole has added another dining-room, 20x30 feet. It will be run on the American plan, the other one being a la carte.

Percy Mackey is the latest addition to the membership of the Light Tackle Club. He caught a white sea bass from a rowboat in the bay, yesterday, which came within a quarter of a pound of giving him a silver button, but he had to be content with one of bronze. His fish weighed 32½ pounds.

CLAREMONT.

CLAREMONT, May 7.—The annual women's oratorical contest between the women of the junior class of Pomona College was held Tuesday afternoon in the college chapel. It was won by Miss Laura E. Seward of Long Beach, who was chosen by the judges Gladys Pittcock of San Diego. Edna L. Roof of Claremont gave as her oration "Pomona College: Our Tribute to Christian Civilization." The subject chosen by Miss Pittcock was "The American College Woman," while Edna L. Roof of Claremont gave as her oration "The Education of the Indian."

"Miss Sullivan, a Teacher," was the subject chosen by Miss E. H. McFadden of Santa Ana. Miss Seward gave the concluding oration, "He Being Dead, Yet Speaking." Votes were given by the judges and the winner was declared by Josephine Davis of Pasadena and Eva Southwick and Hazel Fay of Upland played a piano selection. The judges of composition were Prof. D. H. Colcord, Miss M. M. Hathaway and Miss Margaret King. Those on delivery were Mrs. J. H. Crawford, Mrs. J. C. Gibbs and Rev. C. B. Sumner.

The annual Southern California Intercollegiate oratorical contest will be held Saturday evening in the Pomona College chapel. Pomona will be represented by Harold E. Thomas, the one-armed track man and tennis player. C. E. Spaulding will speak for Occidental, E. C. Cooper for U.S.C. and E. E. Monchm for Whittier.

MONROVIA, May 7.—The Board of Trustees held a special meeting this evening, at which the board of the Monrovia Savings Bank bought the \$2000 issue, paying a premium of \$300, and a \$2000 issue, paying a premium of \$1000. The First National Bank bought the other \$10,000 issue, paying \$1000. These sales were made on a basis of about 4 per cent. There were eight bidders.

The meeting of the Trustees last evening an effort was made to let the contract for distillate, but the bid was so high that it was laid on the table. The Standard was the only bidder, its bid being \$9 flat, as against \$4.55 last year.

The Altar Society of the Church of the Immaculate Conception will tomorrow evening give a farewell reception to Father J. J. Sheehy, who has soon visit his old home in Ireland.

Hugh Harney has sold his boot and shoe store to J. J. Conroy of Los Angeles.

The exchequer of the members of the Monrovia Exchange, who are in charge of the extension of the Pacific Electric line from Monrovia to Glendora. The crew will move here from El Monte on Monday for the purpose of completing the grading between Glendora and Azusa. The roadbed was completed the past week between Azusa and the river.

It is believed by the contractor that the work of grading can be finished in six weeks. The Gabriel bridge and the Duarte cut and fill will be finished about the same time. The work will be completed by September 1, in all probability.

Weak Men

Let Me Guide You on Your Way to Regain Your Health and Renew Your Strength

Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Is your back weak? Is your memory failing? Do you have difficulty in fixing your thoughts? Are you losing ambition? If you have any or all of the above symptoms, you surely do not desire to be a weak man. Let me explain to you my method of rebuilding the vigor of men, such as Varicose, Hydrocele, Dropsy, Discharge, Blood Diseases and Nervous Debility.

Get Cured Now
It is not a question of whether you can be cured, but whether you will be cured. Don't wait until it is too late. The cure is absolutely certain. I assure you that I will make such an effort to make such a cure for you that you will be cured. I especially solicit those cases in which the many so-called treatments have failed, or where money has been wasted on museum doctors, electric belts and other appliances.

Examination Free
I offer not only Free Consultation and Advice, but to every case that comes to me I will make a Careful Examination and advise you of the best method of curing you. I assure you that I will make such an effort to make such a cure for you that you will be cured. I especially solicit those cases in which the many so-called treatments have failed, or where money has been wasted on museum doctors, electric belts and other appliances.

I especially solicit those cases in which the many so-called treatments have failed, or where money has been wasted on museum doctors, electric belts and other appliances.

Examination Free
I offer not only Free Consultation and Advice, but to every case that comes to me I will make a Careful Examination and advise you of the best method of curing you. I assure you that I will make such an effort to make such a cure for you that you will be cured. I especially solicit those cases in which the many so-called treatments have failed, or where money has been wasted on museum doctors, electric belts and other appliances.

Weak Men

Let Me Guide You on Your Way to Regain Your Health and Renew Your Strength

Do you feel that you are not the man you once were? Do you feel tired in the morning and easily exhausted? Is your back weak? Is your memory failing? Do you have difficulty in fixing your thoughts? Are you losing ambition? If you have any or all of the above symptoms, you surely do not desire to be a weak man. Let me explain to you my method of rebuilding the vigor of men, such as Varicose, Hydrocele, Dropsy, Discharge, Blood Diseases and Nervous Debility.

Get Cured Now
It is not a question of whether you can be cured, but whether you will be cured. Don't wait until it is too late. The cure is absolutely certain. I assure you that I will make such an effort to make such a cure for you that you will be cured. I especially solicit those cases in which the many so-called treatments have failed, or where money has been wasted on museum doctors, electric belts and other appliances.

Higher prices at
strengthened the
brought out lib-

Three of them—**WILLIAMSON**, **WATKINS** and **WILSON**—are now in the market but within a few days will be sold by auction. The settlement of the closed market was higher than it was at the time, and another sale of wheat and winter wheat in the spring would be the best selling point for the greater increase in prices.

The wheat market closed unchanged to slightly lower. Prices declined to \$1.07 1/2 per bushel for No. 2 soft red winter wheat. Provisions were 6% to 8% lower and demand was fair, but demand for hogs was lower and prices closed 10¢ to 15¢ lower.

SAN FRANCISCO, May 1, 1918.—The grain market here today was strong; interest in the market was keen.

EVENTS IN LOCAL SOCIETY.

ONE INTERESTING young visitor in the city during this gay Fiesta week is Miss Ruby E. Gardner of Belmont, who is the guest of her aunt, Mrs. Mary J. Schallert, No. 528 Beacon street.

Miss Gardner is bright and attractive, and possessed of a pleasant beauty of brunette style. Her aunt is planning many little social affairs in her honor, and in fact this week is full of them. Miss Gardner visited Mrs. Schallert a year ago, and while here was cordially entertained and became a favorite.

Leave for Europe. Mrs. Charles C. Monroe of West Twenty-eighth street, with her niece, Miss Helen Newlin, sailed yesterday on the Kaiser Wilhelm der Grosses for Europe. They go directly to Paris, and from there to Italy, Switzerland, Germany and London, visiting other interesting spots by the way. They expect to return some time in September.

Miss Silent to Leave. Miss Florence Silent of Chester Place expects to leave soon for the north, where she will visit her brother, Chester Silent, in Stanford University. Friends in San Jose will entertain her.

Misses Dent Entertain. The Misses Dent of Wilshire Boulevard were at home to the West Adams Five Hundred Club at their residence on Wilshire boulevard. The house was artistically decorated, and scores were marked on Japanese cards adorned with painted sketches. The ladies' first prize, a cut glass dish, was given to Mrs. Henry Henderson, and the second prize, a Japanese dish, was won by Mrs. Ramsey. Later a dainty repast was served.

Guests were: Misses Frank R. Strong, James S. Frame, Frank R. Walsh, Alice H. Covert, Edward A. Fannessy, Lawrence T. Curtis, Elsie M. Bennett, George A. Pounder, Samuel S. Shepherd, Hugh L. Jones, Frank H. Nichols, John C. Jones, William R. Ramsey, Robert C. McCormick, J. C. Brown, H. E. Head, Edward A. Lundy, Miss Lundy, Harvey, Henry Henderson, J. E. Grady, S. B. McLennan, M. E. Johnson, Sol Davis, and Misses Harvey and Marian Glenn.

For Miss Savage. In honor of Miss Violet Savage, a charming Los Angeles girl and gifted musician, who is soon to become the

bride of a prominent business man of San Diego, Miss Ruth Baxter of No. 217 East Twenty-fifth street, entertained with a delightful musical function, having as guests members of Miss Savage's classes.

The home was beautifully decorated and everything was carried out in a way suggestive of music. A very enjoyable part of the afternoon was the presentation to the fair honoree of a handsome May basket, and also the pupils presented to their beloved teacher a number of beautiful hand-painted dishes.

A most interesting programme was presented of piano music, by the pupils of Miss Savage, and later a dainty collation was served.

Miss Savage is one of the most talented young pianists of the city, a pupil of Herr Becker, and intends to continue her music after her marriage.

For Miss Lindsay. The Delta Omicron Whist Club gave a farewell theater party at the Orpheum in honor of Miss Elyon Lindsay of No. 1635 Lincoln street, who leaves on Saturday for an extended visit in the East. Those present were: Misses Elyon Lindsay, Maude McCormick, Hazel McCartney, Madge Simkins, Helen West, Louise Hyer and Adeline Simkins.

To Leave for Europe. Mr. and Mrs. P. J. McCormick of No. 906 South Bonnie Brae street expect to leave the latter part of the month for an extended trip of about a year in Europe. Miss F. J. O'Meara, who has been visiting her brother and sister, Mr. and Mrs. W. O'Meara, of No. 1010 Beacon street, leaves on Tuesday for Tonopah, Nev., for a visit with her brother, M. J. O'Meara, president of the O'Meara-Lynch Company.

Guests Return. Mrs. and Mrs. Secondo Guastel, who for the past two months have been enjoying a tour of the United States, visiting all the large and prominent cities, have just returned to their home at No. 224 South Los Angeles street.

To Participate in Fiesta. Mrs. J. H. Politzer, wife of J. H. Politzer, a prominent mining man of Mexico and Nevada, has been invited to attend the Fiesta, and also to be initiated into the "Daughters of Isis." She is a member of the reception and entertainment committees during the visit of the Shriners. She is at present entertaining a number

MRS. J. H. POLITZER of Mexico, who is here for Fiesta.

ber of friends at her Ocean Park home, and intends to remain here during the season.

Eastmans Here. Mrs. F. A. Eastman and her daughter, Mrs. Margaret Barry and small daughter, have just returned from

tertainment on Saturday with an informal card party, in compliment to Miss Althea Hutchinson, who is to be one of the June brides.

Celebrates Birthday. The home of Mrs. B. T. Blackburn was the scene of a merry gathering recently, the friends having been invited to assist in celebrating the birthday anniversary of Mrs. Blackburn's daughter, Miss Gallo B. Thompson.

About twenty-five friends from the city and nearby towns enjoyed the hospitality of the Blackburn home. Calls, lilies, choice roses and foliage were prettily arranged about the room. Dainty refreshments were partaken of, and the guests departed at a late hour, wishing the hostess many happy returns of the day.

Hendersons' Party. Mr. and Mrs. Henry Henderson and Mrs. J. C. Brown have issued invitations for a card party and a musicale to be given on Saturday evening, May 18, for members of the West Adams Five Hundred Club and their husbands and escorts. The affair will be given at the Henderson home at No. 1202 Westlake avenue.

For Daughter's Birthday. Mrs. G. A. Flood of No. 827 East Twenty-third street entertained with a May Day party in honor of the ninth birthday of her daughter, Hattie Fogarty. The home was beautifully decorated with flowers and ferns, and games and music completed the enjoyable afternoon.

Eachscholtz Chapter Affair. Mrs. C. C. Pettis, Miss Eva Pike and Miss Cora Ellis and Miss Eugenia Hobbs were hostesses yesterday afternoon at a delightful meeting of the Daughters of the Revolution. The affair was at the Ebell Clubhouse, which was attractively decorated. An enjoyable programme was given consisting of piano music by Miss Katherine Sucher and Miss Pike gave a most interesting talk, telling of her recent trip to Honolulu. Decorations for the affair were in red roses and greenery.

Notes and Personals. Mrs. Lee Adams of Paloma avenue, Eagle Rock, has as her guests during Fiesta, Mrs. P. E. Bishop and Mrs. Hartley Morgan of Portland, Or.

Mr. and Mrs. W. L. Aginbaugh and wife of Washington, D. C., have been in Los Angeles for several days. Mr. Aginbaugh has resigned his position as principal examiner in the United States Patent Office, and is on his way to San Diego, where he intends locating.

Mrs. James B. Mather of Eldora, Iowa, is the guest of her parents, Mr. and Mrs. J. C. Hapgood, of No. 520 Rice avenue.

Miss Gallo Thompson of Boyle Heights is entertaining this week Miss

Roxie Richardson of Ventura county, and Mr. Frank Stevens of Covina.

Mr. and Mrs. W. L. Bertram of Paterson, N. J., are visitors here, staying at the Westminster. Mr. Bertram is a member of the firm of the Fuller New York & Paterson Express Co., founded many years ago by James Plank, Jr.

Mrs. E. W. Egan is a sister of J. E. Wiseman of this city. They had not seen each other for over thirty years.

Wedding Union Pioneer Families. The marriage of Miss Maud B. B. Van Wig and Frank F. Roe was celebrated at the home of the bride's parents, Mr. and Mrs. Martin Van Wig, several miles southeast of Ontario, on Saturday. The ceremony was performed by Rev. Mr. Seecombe of Ontario.

About twenty guests from Los Angeles went out on an early train to attend, among others being Mr. and Mrs. Warren Wilson, Mrs. C. F. Roe and daughter, Mr. and Mrs. W. W. Roe and Mrs. L. Anthes—all relatives of the groom. The home place was elaborately decorated with flowers and a fine wedding breakfast was served. In the afternoon many of Mr. Van Wig's neighbors called to extend their congratulations and also partook of refreshments.

The two families thus united are pioneers of San Bernardino county. Mr. Van Wig having settled on the apparent desert lands south of Cucamonga about twenty-five years ago, where he has reclaimed six or eight hundred acres of land and has it now highly improved in vast orchards and alfalfa fields, while the Roe family had its origin at San Bernardino with the coming of Charles F. Roe, a prominent business man, to that city in 1888.

After the honeymoon trip to Coronado and elsewhere, the young couple will be at home to friends in a new residence, No. 3425 Perry street.

USES GUN TO ESCAPE ARREST.

DETECTIVE ZEIGLER NARROWLY ESCAPES DEATH.

Supposed Crook Caught in Gambling Joint Resists Two Officers and Makes Desperate Effort to Use Revolver on Them—Fires at Close Range but is Overpowered.

In resisting arrest at East Fifth street and Maple avenue yesterday afternoon, Tom Macey, whose record is as yet unknown to the police, drew a revolver and deliberately attempted to murder Detective Thomas Zeigler and but for the efforts of that officer

and his companion, Detective Zeigler would have been killed.

Struggling with the officers, Macey drew a revolver and fired at Zeigler, who was under arrest. Macey was under arrest for a long time.

As he did so, Macey was under arrest. Macey was under arrest for a long time.
